Underwater Tourist is dedicated to providing unique scuba dive experiences that immerse us into the deep blue and into the local culture through safe, cost effective and high-quality trips. The majesty and pure exhilaration of undersea exploration will meet the diverse, rich cultures and people as we travel this magnificent earth. We're committed to sharing that experience with as many people as possible.

As scuba divers, we are ambassadors to our oceans and strive to protect and advance the health of our ocean planet. We practice good diving ethics by respecting and protecting the underwater environment and marine life. As travelers, we strive to be ambassadors to all cultures by getting acquainted with the local communities and leaving as little an impact behind as possible.
